Dear Dorothy Turnbull,

Gary (?) Turnbull just called me from Los Angeles. I had written him last summer because another Turnbull helped me with baggage when I was waiting for the airport limo in L.A. and I'd had the nerve to strike up a conversation with him.

I am also a Turnbull. My grandfather, William Robinson, was born in Kelso, Scotland and came to New York as a child with his parents. My father is the only son in that family. He is Ira James. I also have a brother, William James but his only son has only daughters. Many of the family are buried in the Princeton, Ill. cemetery. The L.A. Turnbull who just called said an article about many in Ill. is in a recent bulletin. Is there some way that I might obtain one of these? And I'd be interested in other information about the Clan Association.

I am 74, a retired music prof from the University of Texas. Just now I am taking my first typing lessons so please forgive the messiness. It is far better than my writing!

With my thanks,

Laurene T. Heimann

I've just found a note in my dad's old address book that Grandma Agnes Turnbull lived in Yetholm, Scotland.

I explored Kelso a bit on my own in 1970 & found, unexpectedly, the Turnbull coat of arms in Melrose Abbey museum, etc. — — —!
