

Hi,

You really have a great Web Site.

My paternal grandmother is a Turnbull and I have done a lot of research on her ancestors and their siblings. I haven't done an exhaustive search of your Site for my Turnbull kin but I did find your record (#37821) for Howard Clinton Turnbull, the brother of my grandmother, Sarah "Sally" Turnbull (who's also in your database as #37818), identified in my own database as my ancestor by an (*) in her name. Below is a link to my RootsWeb database page for Howard Clinton Turnbull:

A 6-generation ahnentafel ancestral report for Howard is given at the page linked below:

I'm giving you this info because your source (S55) for Howard incorrectly has his father identified as James Morgan Turnbull (1838-1897). Howard's father is correctly John Morgan Turnbull (1834-1897), as you will see in the above linked ancestral report. Your source has the correct data for Howard's mother, Matilda Elston. It appears to me the incorrect name and birth date which you have for his father is simply a TYPO.

You may cite my database and/or give links to any pages you wish to cite as a new source.

Best regards,
